

11.6.1 Development Plan Categories

For purposes of review procedure, developments are divided into three distinct categories based upon the size thresholds established in the Form District regulations applicable to the location of the proposed development. The categories are:

- A. Category 1 - Development proposals which do not meet the size threshold for applicability of Form District design standards.
- B. Category 2 - Development proposals which meet the minimum size threshold for applicability of Form District design standards but do not meet the size threshold for completing the Community Design Review process.
- C. Category 3 - Development proposals which meet the size threshold for completing the Community Design Review Process.

NOTE: Plans filed before the effective date of the LDC shall be reviewed for compliance with the regulations in effect at the time of filing. See Section 1.1.8

The review process for each category of development is outlined in the sections below. Initial or revised submissions shall follow the procedure determined by the size of the new or additional development proposed unless a higher level of review is required by another section of this code.

Prior to issuance of building permits, the local building official shall assure the plan is in compliance with the applicable provisions of this code and all binding elements and conditions of approval. In cases in which the building official has reason to question the development plan's compliance with any provision of the Land Development Code, applicable binding elements and conditions of approval, the building official may forward the development plan to the Planning Director for a review and action on the plan.

At a minimum, the application shall be accompanied by a development plan of sufficient detail to demonstrate to the Planning Director that the proposed development is in compliance with the applicable requirements of these regulations and any applicable binding elements or conditions of approval. The Planning Director shall approve the proposed development if it complies with the requirements of this code; associated binding elements, if any; and other applicable law.
